

## Occupations

Pretend you are a \_\_\_\_\_. Find out what kind of clothes each job requires, what tools, what skills. You can find out from books at home or library, the internet, videos, friends and family members, visiting various workplaces—parent’s or other friend or family, public places, such as banks, gas stations, stores, etc. You may be able to set up an appointment to visit, or go to an open house at the police station, fire station, etc.
